NATURE HAMMOCK STEM CHALLENGE

THE CHALLENGE Build a hammock for your favorite toy.

- THE RULES**
- 1 The hammock must be made with natural materials found in nature.
 - 2 The hammock must hang off the ground. It cannot touch at any time.
 - 3 The hammock must support the weight of your toy.
 - 4 The toy cannot touch the ground.

TIPS Think critically and creatively. What materials will be sturdy enough to support the weight of your toy? Use sturdy sticks inserted into the ground to hang your hammock from.
